

Heartwood Timbercraft Homes

First Floor
1065 sq. ft.

Second Floor
570 sq. ft.

Fully Timbered Island Lake

The prow front and wrap around deck featured in the Island Lake plan suggest casual living at it's finest. The home makes efficient use of space while affording an expansive two story great room, complete with an intimate fire place. The second story includes a master suite with loft. Two additional bedrooms are included on the first floor. This plan lends itself well to a walk out basement which may be finished to allow more living space.
